

GREATER ATLANTA CRIMINALISTICS EVIDENCE REPORT

Officer: Det. C. Duquesne Evidence Tag #: 20110327MaFl

Location: Pelican Harbor Marina, Miami, Fl.

Notes: *The Miami PD believes that their recent nautical murder victim might have known the attacker. The Miami CSI unit initially did not find anything suspicious among the contents of the victim's ship. However, the local harbormaster commented that the selection and arrangement of the flags along the vessel's rigging was unusual. The Miami detectives believe that the flags might have been an attempt to signal or warn an associate of the victim. A full analysis of the flags is currently being conducted, but the catalogue entry is reproduced below.*
