

While tracking Belloq, Dr. Jones was contacted by the International Criminal Police Organization (Interpol). Intelligence has recently emerged that Belloq is attempting to sell the idol on the criminal black market. Sources show that he has been in contact with the leader of one of the world's most powerful criminal organizations, "Villains' International League of Evil" (V.I.L.E.). It is believed that Belloq will attempt to meet with this Queen of Crime somewhere outside of the country. Belloq was last seen at Hartsfield-Jackson International Airport preparing to board a plane.

Belloq has attempted to elude his pursuers by leading them on an international tour. Interpol has reason to believe that Dr. Jones was closing in on Belloq; however, contact has recently been lost. Included with this message are a series of correspondences intercepted between Dr. Jones and his associate Dr. Brody which might provide clues to his location. Unfortunately, the good doctor, undoubtedly fearing that others might be after him, has been fairly cryptic. Please assist the international authorities in their efforts to rescue Dr. Jones and to capture the world's most sinister crook.

Then, said the women of the neighborhood, the whole church took on something fantastic, supernatural, horrible; eyes and mouths were opened, here and there; one heard the dogs, the monsters, and the gargoyles of stone, which keep watch night and day, with outstretched neck and open jaws, around the monstrous cathedral, barking. And, if it was a Christmas Eve, while the great bell, which seemed to emit the death rattle, summoned the faithful to the midnight mass, such an air was spread over the sombre façade that one would have declared that the grand portal was devouring the throng, and that the rose window was watching it. And all this came from Quasimodo. Egypt would have taken him for the god of this temple; the Middle Ages believed him to be its demon: he was in fact its soul.

I've been on Belloq's trail for five days now and I still haven't caught the rat. This place used to be a prison and I wish I could see him locked in one of these cells. At least he didn't have a chance to make off with the jewels on display here. I'm starving. I think I'll grab some fish and chips before I catch another plane. Hopefully, I'll be back soon with the idol in hand.
